Notice biographique  
/ histoire  
administrative:

After Montreal hosted the Association of Jewish Libraries (AJL) convention in 1986, the impetus was gained to form a Montreal chapter, which occurred in 1987. (The AJL was founded in the United States in 1965). Its goals include the promoting of Jewish library services and librarianship through education, establishing Judaic library collections, and providing technical assistance to these collections. The members also act as liaisons between Judaic and general libraries, and promote awareness of Judaic collections and their resource people

Histoire de la conservation: The collection was donated by Carol Katz for the Association of Jewish Libraries, Montreal Chapter, on February 27, 1997. Addition 2007 was donated by Sol Katz, Treasurer for the association, on March 22, 2007.

### Notes:

P97/03, P07/09.CJCCNA was a founding member of this organization, or which the Archives Director is still currently co-president. These records add to the existing collection here.
