Dear Sir:

We would appreciate if you would publish the following appeal of the Jewish Labor Committee addressed to the Jewish population for aid to the Pakistani refugees.

Thank you for your kind co-operation.

Yours sincerely,

  
R. Ryba,  
National Secretary

## To the Jewish Population of Canada

The Jewish Labor Committee of Canada is calling upon the Jewish population to come to the aid of the Pakistani refugees, whose number has surpassed 5000,000 persons.

Five million men, women, aged and children, tired, starving, beset by a cholera epidemic - are waiting in anguish for help. Who is more in a position to feel the tragedy of the situation more deeply than we Jews, among whom there are many past refugees and those rescued from the Hitler massacres.

Being certain that you will respond generously to our urgent appeal, you are asked to send your contribution to the following address:

"Aide aux Pakistanais"  
C.P. 200, Station H  
Montréal 107.

Contributions may also be sent through any bank branch.
